

Suffered 20 Years.

MRS. MARY LEWIS, wife of a prominent farmer, and well known of all old residents near Belmont, N. Y., writes: "For twenty-seven years I had been a constant sufferer from nervous prostration, and paid large sums of money for doctors and advertised remedies without benefit. Three years ago my condition was alarming; the least noise would startle and unnerve me. I was unable to sleep, had a number of sinking spells and slowly grew worse. I began using Dr. Miles' Restorative Nervine and Nerve and Liver Pills. At first the medicine seemed to have no effect, but after taking a few bottles I began to notice a change. I rested better at night, my appetite began to improve and I rapidly grew better, until now I am as nearly restored to health as one of my age may expect. God bless Dr. Miles' Nervine."

Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address, DR. MILES MEDICAL CO., Elkhart, Ind.

ELECTION RETURNS

Show the Lower House of Congress to Be in Doubt.

CLAIMED BY BOTH PARTIES

Chairman Babcock Says Republicans Have 185 Members and Secretary Kerr Claims 183 For the Democrats—Two Cases of Doubt In Indiana—Kentucky Representatives.

Indianapolis, Nov. 10.—The chairman of the Democratic state committee concedes Indiana to the Republicans by 14,000. Unofficial returns have been received from every county in the state but Fountain, Lake and Newton.

These returns compared with the vote of the presidential electors in 1896 showed Democratic gains aggregating 12,430, making a net Democratic gain of 1,862. As the state went Republican by 18,181 in 1896 on the presidential ticket this would indicate a Republican plurality in the neighborhood of 15,000.

Indianapolis, Nov. 10.—Returns on the congressional vote in Indiana show the Republicans to have elected eight members sure and the Democrats three, with two districts—the Fifth and Twelfth—in doubt. They are: First, Hemenway, Rep.; Second, Miers, Dem.; Third, Zenor, Dem.; Fourth, Griffith, Dem.; Sixth, Watson, Rep.; Seventh, Overstreet, Rep.; Eighth, Cromer, Rep.; Ninth, Landis, Rep.; Tenth, Crum-packer, Rep.; Eleventh, Steele, Rep.; Thirteenth, Brick, Rep.

BABCOCK AND KERR.

Each Claims the Lower House of Congress For His Party.

Washington, Nov. 10.—Chairman Babcock of the Republican congressional committee said last evening that the house of representatives of the fifty-sixth congress would be Republican without a doubt.

Throughout the day and evening a corps of political statisticians has been at work in Republican headquarters compiling and analyzing the returns. Chairman Babcock makes this statement:

"There can be no longer any reasonable argument over the political complexion of the next house of representatives. It will be Republican beyond the shadow of a doubt."

"Our advice shows the certain election of 185 republicans, six more than enough to give us control. These are straight Republicans and our majority will be over the combined opposition. Our information induces us to place nine districts in doubt. We are reasonably certain to get some of these. Without them, however, we have a clear majority and are resting perfectly easy."

At the headquarters of the Democratic congressional committee confidence is expressed that the Democrats will control the next house of representatives. Secretary Kerr will not concede many of the claims made by Chairman Babcock of the Republican committee, and says that in a large number of districts it will require the official count to determine definitely the result.

"It seems certain," said Secretary Kerr, "that we have elected 183 members of the next house, the Republicans 163, and that 11 districts are in doubt. In New York we have 21 members; in Pennsylvania, 9 and perhaps 10; in Kansas, 4 at least, and perhaps 5; in Nebraska, 4; in North Carolina, 9; and in California, 2 or 3. Information is slow coming in, because the count in so many of the districts is very close. Our figures are based upon definite returns, and I am satisfied that they are entirely accurate."

In the heart of every man and in the soul of every woman there is a vacuum that can only be filled by a child. In America there are too many childless homes. All the love and passion of courtship and all the kisses of the honeymoon turn to bitter dust upon the lips of the wedded couple to whose home there never comes the pattering of childish feet.

One cause, more than any other, contributes to making the tens of thousands of childless, and consequently unhappy, homes all over this country. The cause is often the unconscious fault of the wife. A woman who suffers from weakness and disease of the distinctly feminine organism is unfitted for motherhood, and if she has children it will probably be at the sacrifice of her own life. Dr. Pierce's Favorite Prescription is a wonderful medicine for women who suffer in this way. It acts directly on the delicate and important organs connected with womanhood and motherhood. It makes them strong, healthy, vigorous, virile and elastic. It banishes the squeamishness of the expectant period and makes baby's advent easy and almost painless. It insures the little new-comer's health and a bountiful supply of nourishment. Thousands of homes that were childless and unhappy now echo with the prattle of healthy babyhood, as the result of the use of this marvelous medicine.

"When I began taking Dr. Pierce's medicine I was very sick," writes Mrs. R. D. Moore, of Schuyler, Colfax Co., Neb., (Box 173). "I could not keep anything on my stomach, and kept getting worse. My husband got me two bottles of Dr. Pierce's Golden Medical Discovery, two of his 'Favorite Prescription' and four of his 'Pleasant Pellets.' At this time I had been pregnant about two months. I began taking the medicines, and in less than a week I could eat anything. The 'Favorite Prescription' is the best medicine in the world for prospective mothers. My health is better now than it has been for twelve years. My little girl is now six months old and is well and healthy. I do not think I should have had my baby if we had not obtained something to build up my system and strengthen me."

Another Report.

Chicago, Nov. 10.—Reports from 341 of the 357 congressional districts show that the Republicans have elected 182, the Democrats 150 and the Populists and Fusionists six. There are still 16 doubtful districts, in several of which the official count will be necessary to determine the result. Of these 16 districts called doubtful 10 now have Republican, nine Democratic and two Fusion representatives.

NEW YORK.

New York, Nov. 10.—Latest figures obtainable show that Roosevelt's plurality in the state is not far from 20,000. Only 10 counties in the state give Van Wyck pluralities, and they were all localities swayed by cities, as New York, Kings, Queens and Erie. The falling off in Roosevelt's plurality as compared with Black's in 1896 is due to a decrease in the Republican vote up the state of 61,000 and in Greater New York of 62,000. Against this Van Wyck gained 20,000 above the Harlem and 53,000 below it as compared with Porter two years ago. The result in congressmen in this state seems to have surprised even the Democrats themselves. Nineteen of their candidates were elected, the Republicans getting but 15.

In the present house the New York delegations stand 27 Republicans to six Democrats. In the Great New York all the Democratic candidates were elected.

After the gubernatorial contest as much interest was taken in the state legislature as in anything else. The state senate will be Republican by four and the assembly by 20.

Political interest from now on will center about the senatorship, and already discussion as to the aspirants has begun. So far there is no announced candidate and the Republican organization has not declared itself.

MINNESOTA.

St. Paul, Nov. 10.—One of the hardest fights of the campaign was in the Sixth congressional district, where Congressman Page Morris, Rep., was pitted for a second time against his predecessor, Charles A. Towne, Silver Rep., secretary of the National Silver Republican party, and it seems to have resulted in the defeat of Mr. Towne. Returns from all parts of the district give Morris a plurality of over 1,100, with no Towne stronghold yet to come.

St. Paul, Nov. 10.—John Lind, Silver Rep., with Democrat and Populist endorsement, will have not less than 10,000 plurality in the state over Enstis, Rep., but Lind is the only fusion candidate to win. The balance of the Republican ticket will be chosen by majorities even greater than that for Lind. All seven Republican congressmen have been elected.

ILLINOIS.

Springfield, Nov. 10.—Latest returns show the following congressmen elected: First, Mann, Rep.; Second, Lorimer, Rep.; Third, Belknap, Rep.; Fourth, Cusack, Dem.; Fifth, Noonan, Dem.; Sixth, Boutelle, Rep.; Seventh, Foss, Rep.; Eighth, Hopkins, Rep.; Ninth, Hitt, Rep.; Tenth, Prince, Rep.; Eleventh, Reeves, Rep.; Twelfth, Cannon, Rep.; Thirteenth, Warner, Rep.; Fourteenth, Graff, Rep.; Fifteenth, Marsh, Rep.; Sixteenth, Williams, Dem.; Seventeenth, Caldwell, Dem.; Eighteenth, Jett, Dem.; Nineteenth, Crowley, Dem.; Twentieth, J. R. Williams, Dem.; Twenty-first, Rodenburg, Rep.; Twenty-second, Smith, Rep.

CALIFORNIA.

San Francisco, Nov. 10.—Little over half of the votes of California have been counted, but 1,111 complete precincts out of 2,407 give Gage, Rep., for governor, 9,540 plurality. At this rate his vote will be 20,000 in excess of Maguire's. It is reasonably sure also that the Republicans have carried the rest of the state ticket, with the exception, perhaps, of secretary of state and two judges of the supreme court. While the congressional vote has not been counted, enough is known to warrant the following statement: Eighth district, doubtful; the Second, Democratic, and the Third, Fourth, Sixth and Seventh, Republican. Legislature is Republican.

KANSAS.

Topeka, Nov. 10.—The latest returns indicate that the plurality of Stanley, Republican candidate for governor, will probably be 13,000. Taylor Riddle, the Populist's state chairman, practically concedes the defeat of Vincent for congress in the Fifth and Jerry Simpson in the Seventh. Edwin Ridgely of the Third district will be the only Populist congressman from Kansas.

The Republicans elect two state senators, which gives them 11 members in that body. They also elect 97 representatives out of 125. This gives them a majority of 52 on joint ballot.

OHIO.

Columbus, Nov. 10.—The only continued interest in Ohio election returns are those of the Third and Seventh congressional districts. It is believed that the Republicans elect Weaver in the Seventh by 71 plurality and the Democrats re-elect Brenner in the Third by 87, which leaves the Ohio list of congressmen 15 Republicans and six Democrats. The official count is not expected to change these close results.

IDAHO.

Boise, Nov. 10.—Only 47 precincts in the state, embracing one-eighth of the vote, have reported. They give Moss, Rep., for governor, 2,012; Stenmenberg, Dem., 4,083; Anderson, Pop., 557. Forty-six precincts give Heyburn, Rep., for congress, 1,926; Wilson, Fusion, 2,582; Gunn, Pop., 839. The Fusion ticket is all elected by pluralities ranging from 5,000 to 8,000. The legislature will be controlled by the Fusionists.

WASHINGTON.

Seattle, Wash., Nov. 10.—Returns from the state of Washington are yet incomplete, but enough are at hand to make it certain that the Republicans have overcome the fusion majority of 12,000 two years ago, elected both congressmen and two supreme court justices by a majority of at least 3,000. The legislature is Republican and will elect a United States senator.

NORTH DAKOTA.

Fargo, Nov. 10.—Spalding, Rep., for congress, will probably have a majority of 5,000. Twenty-one out of 31 state senators are sure Republican, while in the house 54 Republicans out of 62 have been elected, with four more doubtful. This gives the Republicans 66 majority on joint ballot, making a Republican successor to Senator Roach certain.

NEBRASKA.

Lincoln, Nov. 10.—Returns by counties, which come with provoking slowness, indicate a scaling off of Republican gains and making the state ticket in doubt and so close that official count may be required. The legislature is probably Republican on joint ballot, but Senator Allen will not concede it.

PENNSYLVANIA.

Philadelphia, Nov. 10.—The delegation from Pennsylvania to the next congress will comprise 21 Republicans and nine Democrats, a Democratic gain of six. The present delegation is composed of 27 Republicans and three Democrats.

IOWA.

Sioux Falls, Nov. 10.—Almost complete returns from the state give Phillips, Rep., for governor, a majority of 1,300. Later returns will not materially alter this majority.

WILL CONTEST

Five Defeated Republicans Not Satisfied With the Goebel Law.

Louisville, Ky., Nov. 10.—Five Republican congressional nominees—Fowler, of the Second district; Creel, of the Third; Blanford, of the Fourth; Davidson, of the Eighth; and Seitz, of the Tenth, wired the Louisville Commercial last night that they would contest the election on account of the Goebel election law. Pugh, in the Ninth district, has signified his intention of contesting if an investigation satisfies him that he is elected.

Louisville, Nov. 10.—Congressmen have been elected in the following districts: First, Wheeler, Dem.; Second, Allen, Dem.; Third, Rhea, Dem.; Fourth, Smith, Dem.; Fifth, Turner, Dem.; Sixth, Berry, Dem.; Seventh, Sotter, Dem.; Eighth, Gilbert, Dem.; Ninth, doubtful; Tenth, doubtful; Eleventh, Boering, Rep.

PEACE COMMISSION

Americans Make Reply to Spanish Contentions About the Philippine Islands.

DENIED SPAIN'S CLAIMS

As to Construction to Be Placed on Omission of Certain Words in Protocol—Her Claim For Restitution of Public Moneys at Manila Also Refused.

Paris, Nov. 10.—Yesterday's session of the peace commissions lasted nearly two hours. When the meeting opened the Americans presented to their Spanish colleagues the answer of the United States to the claims submitted on Friday last in behalf of Spain.

The document in which the American answer was set forth consisted of nearly 53 sheets of typewritten matter. It was a refutation of the Spanish allegation that because the words "possession," "ownership" or "cession" do not occur in the protocol clause touching upon the Philippine islands, the peace commissions have no right to discuss them here, even if they do so it must be in the light of alleged facts of an exterior agreement that Spain's sovereignty should not be impaired.

The Americans also answered Spain's claim for the restitution to her of public money and customs collections taken by United States officials since the capitulation of Manila, and made reply to Spain's claim for an indemnity on account of the alleged imprisonment by United States authorities of Spanish troops of Manila, and for their subsequent restraint from being of service to Spain in the suppression of the insurrection and the preservation of property.

To these points the Americans prepared an exhaustive reply yesterday, which though not fully typewritten at 2 p. m., the time fixed for the meeting of Tuesday, would have been submitted to the Spaniards at 4 p. m. yesterday, had it not been that the commissioners of Spain refused to meet at that hour, pleading other engagements as an excuse for their refusal.

The Americans are surprised that the Spaniards made unalterable engagements in view of the fact that the meeting, had it occurred, might have been extended, as has frequently happened. The American commissioners held that there was justification, under the terms of the protocol, for the discussion of the future of the Philippine islands, and they also claimed that the occupation of Manila is a military occupation which justifies the use in collecting the revenues, administering the government and exercising all the functions of possession.

The joint session was short because Senator Montero Rios and Judge Day concurred in the service of the American rejoinder upon the Spanish commissioners without a formal reading of the paper, which would occupy many columns in an ordinary newspaper, and an adjournment was taken until Saturday.

It is quite safe to say that the Americans have made no new propositions regarding the possession of the Philippines, but confined themselves to a discussion of the proposals and assertions made by Spain at the previous meeting. Just what were the terms of the American rejoinder can not, of course, be ascertained. But despite persistent assertions here to the contrary there is no ground, as has already been called for the Spanish contention that the United States acquiesced, at the signing of the protocol in some reservation by Spain of her Philippine sovereignty. This utterly unfounded rumor is now quite well understood to have come from a high source not in sympathy with the United States.

EMPEROR WILLIAM

With Two German Warships Will Visit Spain.

Madrid, Nov. 10.—Inquiries made here concerning the proposed visit of the emperor of Germany to Spain show that the Spanish government has been notified that two German warships, one of them having the emperor and empress of Germany on board, will arrive at Cadiz on Nov. 20. But it is claimed it is not yet known whether the visit of their majesties is of a private or of an official character.

It is asserted at the foreign office that Emperor William and Empress Augusta Victoria, after visiting Cadiz, will visit Cartagena. The queen regent will invite them to visit Madrid.

The Madrid correspondent of the London Mail says: "Senator Sagasta declares that Emperor William is coming to Spain incognito. There is a good deal of comment upon the fact that he does not plan to stop at Gibraltar, where the coaling facilities are much greater than at Cadiz, and it is pointed out that he will arrive at a critical moment in the history of the Philippines."

Disturbing Factor.

London, Nov. 10.—At the Guild hall banquet last evening the marquis of Salisbury did not announce a British protectorate over Egypt, but he emphasized the necessity of being prepared for all eventualities. The premier also said the United States was a new and disturbing factor in European politics, but not to the detriment of Great Britain.

Russian Press.

London, Nov. 10.—The St. Petersburg correspondent of The Times says: "The signs of Russian disengagement with the Americans has been rendered conspicuous by the demand for an annexation of the Philippines. Russian papers denounce the protocol, and suggest that Russia join Germany in opposing American annexation."

FRANCE ALARMED

Over Spanish-American Outlook. Fears Revolution in Spain.

London, Nov. 10.—The Paris correspondent of The Daily Telegraph says: "There is much anxiety in government circles here as to the Spanish situation. This is not because there is any fear that peace will not be concluded, for it is held that Spain and the United States are bound to agree sooner or later, though now it is said that Spain requires a solution of \$150,000,000 for the Philippines, while the United States considers \$50,000,000 ample."

"It is the Spanish domestic situation that inspires alarm. Senator Sagasta's government is tottering. Anarchy, civil war and military dictatorship are candidates for the succession to parliamentary government. Meanwhile Catalonia and two other provinces are loudly demanding separation. France views the situation with apprehension and even alarm."

PLEASED

Are the Majority of Peace Commissioners With Result of Election.

Paris, Nov. 10.—Commenting upon the telegraphic reports received regarding the result of the elections in the United States, Whitelaw Reid says: "I am greatly rejoiced by the results, and am much more delighted than had I been at home and received the same news."

Senator Gray said: "The result in the country is too much in doubt to warrant any expression of opinion. It does not seem to me at this distance as though the policy of expansion entered at all into the campaign."

Senator Frye said: "I am highly delighted at the results."

Judge Day remarked: "As far as I know, gratifying results appear from the elections. It is especially gratifying that a man of Colonel Roosevelt's high character and unblemished integrity is so triumphantly elected governor of New York."

Senator Davis said: "The result of the elections is, of course, very gratifying to me as a Republican. It approves the general policy of the administration and the principles of the party which it represents."

WAS A BLOODY DAY.

Numerous Killings in Texas Over Election Differences.

Dallas, Tex., Nov. 10.—Advises just received from over the state show Tuesday to have been a bloody election day in Texas. At Hubbard, Stephens county, Roscoe McCarthy, Joseph Ramby and Jefferson Squires were killed and J. F. McCarter and Riley Squires probably mortally wounded in a quarrel. At Steuber, Hopkins county, R. E. Sutton and George Young were killed. William Young is in jail as a party to the killing of Sutton, who had murdered Young's brother. At Andrey, Denton county, Deputy Sheriff B. Taylor was shot through the neck by Lee Webb and dangerously wounded. He shot Webb through the leg. At Sheffield, in Trinity county, J. W. Asherfield was killed and his father probably fatally wounded by persons whose names have not been learned. Many minor affairs occurred in various parts of the state as a result of election differences.

NEGROES LYNCHED.

Result of Race War at Phoenix, S. C. More Trouble Expected.

Phoenix, S. C., Nov. 10.—Four negroes were lynched near here yesterday afternoon. Positive evidence was secured that they were implicated in the shooting of the white men Tuesday. About 100 white men participated in the lynching and there was no attempt at disguise or concealment. More trouble is expected. The efforts that have been made to prevent bloodshed have so far been of no avail. Public sentiment here unanimously indorses the lynching.

Run Down by a Biker.

Cambridge, Mass., Nov. 10.—Mrs. Alice Freeman Palmer, formerly president of Wellesley college, and wife of Professor G. B. Palmer of Harvard was run down by a biker near Harvard college and badly injured. She will recover. Mrs. Palmer is very prominent in educational circles and is connected with the Chicago university.

Spanish Prizes.

Key West, Nov. 10.—The Spanish gunboats Alvarado and Sandoval, which were taken as prizes during the late war, have arrived here from Guantanamo, Cuba, en route for Portsmouth, N. H., where they will undergo a thorough overhauling. The vessels put into this port for the purpose of obtaining provisions and other supplies.

THURSDAY, NOVEMBER 10, 1898.

INDIANA is not a free silver state.

Did you hear the news from Brown county? Four hundred republican majority.

A REPUBLICAN and sound money senator will succeed Turpie in the senate from Indiana.

BARTHOLOMEW made a splendid showing for the republican ticket, electing every man on the county ticket.

A GOOD strong republican majority in the death of the free silver craze and a loyal support of the president's foreign policy in our dealings with Spain.

In nearly every state where the free silver question was an issue Tuesday, the democrats made heavy losses and the republicans made corresponding gains.

THE republican gains in the United States Senate are a remarkable feature of the election. It is seldom that so many Democratic seats are captured in a single year.

CROKERISM is still restricted to a local issue. Col. Roosevelt is to be thanked for his brilliant fight, and he can be trusted to give Tammany many a fall in the future.

SOUTH Dakota also is republican. By the narrow plurality of 184 its four electoral votes were cast for Bryan. The republicans have carried it by a much larger figure.

INDIANA maintains her place in the front rank of the sound money states. Nine out of thirteen congressmen and both senators will be republicans and favorable to sound money.

THE great western states are redeeming their good name by their vote against free silver Tuesday. Good times do not make a good soil for the free silver heresy to grow.

ELECTIONS are over and business men can now push their plans with the certainty that the money question will not be a disturbing element in the future. The people are against the free silver heresy.

SPAIN will not be pleased particularly with the result of Tuesday's election. She will probably be more willing to accede to our terms when she knows that the country is standing firmly by President McKinley's foreign policy.

CONFIDENCE IN THE ADMINISTRATION.

Tuesday's vote throughout the country can be interpreted in no other light than as a strong vote of confidence in the policy of the present republican administration. In off years it has been the rule for the control of congress to pass from the administration party to the opposition party. But the reverse is true this year, and the result is all that could be desired for an off year, and the reversal of the off year rule is a remarkable indorsement of President McKinley.

The republican party is trusted by the people when important matters are to be handled, and is looked upon as a party of broad views. In connection with our new possessions come some hard and knotty problems to be solved and they are of a kind for which there are no precedents in our history. This makes the burden in the administration all the heavier. The vote of Tuesday will strengthen the hands of the president and with all the more confidence will face the questions with the same broad-minded courage and determination that have characterized his administration thus far. The future policy of this government will be determined very largely by the present administration and the people have strongly expressed their confidence in its plans.

That noise don't sound much like the crowing of a rooster.

The majority of Jackson county voters were pleased to make their mark within the circle surrounding the open book.

The vote in Jackson county shows that the republicans generally stood by the citizens' ticket. County Chairman Waters did his part faithfully and well.

WHAT a change! At least a part of the republican ticket in Brown county has been elected. The democratic candidate for state "statikan," as he put it, lives over there, too.

INDIANA makes the best showing of any of the sound money states. She is the only state that held her own when compared with the vote of two years ago. We are proud of the good Hoosier state.

GEORGE Finney was imported from Morgan county to edit the Columbus Democrat during the campaign yet every man on the republican ticket was elected. The Democrat is now the organ of a defunct democratic committee. The Herald may now smile at the campaign managers.

A. M. E. Conference.

The annual A. M. E. conference of the Richmond district convened at the A. M. E. church here yesterday at 11 o'clock with Presiding Elder Townsend in the chair. Rev. M. V. Saunders was chosen secretary and Rev. T. J. White, assistant.

In the afternoon after some business was transacted Rev. T. A. Edwards preached.

The evening service was begun with song and praise led by Rev. Townsend, of the Knightstown circuit, after which Dr. Butler, of Richmond, preached.

At the meeting this forenoon the following topics were discussed: 'The financial ability of the people in the district. What is being done for missions. Condition of the churches in the district. Condition of the public schools, the Sunday schools. Rev. T. E. Wilson, of Muncie, preached this afternoon. A reception will be tendered the visitors at the church tonight. A good program has been arranged.

The weather today is greatly in contrast with yesterday. The rain is done till there is a change in the wind. Out of door work has been resumed. There are many buildings yet to be erected this fall with suitable weather.

Thanksgiving occurs this year on Thursday, November 24, the earliest date on which the last Thursday in November can fall. There is no law fixing the time, this having been done by proclamation of the president and governors. But custom has so firmly established the time that no one ever thinks of changing the date.—Exchange.

A QUEER CALCULATION.

The Power That Would Be Required to Move the Earth.

Statisticians sometimes have queer ideas. One of them has amused himself by calculating how much energy, water and coal it would take to move the earth a foot, supposing that it was subjected throughout its mass to a force equivalent to terrestrial gravitation. This is a gratuitous supposition, for in spite of its enormous mass the earth weighs nothing.

Starting with the fact that the earth's mass is about 6,100 million-million tons, our statistician calculates that we should require 70,000,000,000 years for a 10,000 horsepower engine to move our globe a foot. The boiler that should feed this engine would vaporize a quantity of water that would cover the whole face of the globe with a layer 800 feet deep. The vaporization of this water would require 4,000 million-million tons of coal. This coal carried in cars holding ten tons each and having a total length of 30 feet, would require 400 million-million cars, which would reach 80,000,000 times around the earth. This train, moving at the rate of 40 miles an hour, would take more than 5,000,000 years to traverse its own length. It would require for storage a shed that would cover 1,000 times the area of Europe.

If we realize that this fantastically huge amount of energy is nothing at all compared with what the earth possesses in virtue of its rotation about its axis, its revolution about the sun, and its translation in space with the solar system, of which the earth is but an infinitesimal part and which itself is but an infinitesimal part of the universe, we may get some idea of the importance of man in the universe and estimate his incommensurable pride at its just value.—Nature.

DANGEROUS PIGS.

The Pecary is Wholly Fearless and Will Fight Man or Beast.

A writer in the St. Louis Republic says that the most vicious and fearless member of the brute creation is the pecary, or wild hog, of Mexico. This animal seems utterly devoid of fear and displays an intelligence in fighting man strangely at variance with its apparently complete lack of mental attributes.

Their ability to scent men is particularly marked. The only thing to do when they get after you is to run away from them as fast as a horse can carry you, and then there is no certainty that they won't catch you. They are nearly as swift as a horse, and their endurance is as great as their viciousness.

A friend of mine encountered a drove of them in a wild part of Mexico a few years ago, and his escape was almost miraculous. He very foolishly shot and wounded a number of them. Then he took refuge in a tree.

The pecaries kept him in the tree all that day and through the night. They circled round the tree, grunting and squealing their delight at the prospect of a feast. He soon exhausted his ammunition and brought down a pecary at each fire, but this had no terrors for the beasts.

Toward morning they began to eat those he had killed, after which they formed in line and trotted off. If they had not had some of their own number to devour, they would have guarded that tree until my friend, through sheer exhaustion, dropped from his perch and allowed them to make a meal of him.

The wildcats and tigers that infest the Mexican wilds flee from the pecaries with instinctive fear, and even rattlesnakes keep out of their path.

A Bit of London Weather.

Our weather is grown decidedly good for the last three days—very brisk, clear and dry. Before that it was as bad as weather at any time need be. Long continued plunges of wet, then clammy, glary days on days of half wet (a kind of weather peculiar to London, and fully uglier than whole wet)—a world of black sunless plunster [a soft mixture, neither one thing nor another], very unpleasant to move about in! The incessant travel makes everything mud here, in spite of all that clats [a clat, a wooden scraper] and besoms can do. A kind of mud, too, which is as fine as paint and actually almost sticks like a kind of paint. I took, at last, into the country, with old clothes and trousers folded up. There the mud was natural mud, and far less of it; indeed little of it in comparison with other country. We dry again in a single day of brisk wind.—Carlyle Cor. in Atlantic.

DON'T BE PENNY WISE AND POUND FOOLISH

An Ounce of Prevention is worth a Pound of Cure.

Don't let that back ache run on until it end in some serious kidney trouble. Do you know the good Morrow's Kidney-cure are doing here in Seymour for backache? Have you noticed the statements of Seymour people that have appeared in the Seymour papers? We don't have to go out of Seymour to have people say Morrow's Kidney-cure cured them of backache, nervousness and sleeplessness; they are right here are very grateful people, though we do give you the evidence of some outside people to show you how they too appreciate Kidney-cure. They praise Kidney-cure all over the land. Do you suppose that people living here for ten and fifteen years would tell you that Morrow's Kidney-cure is beyond doubt the best remedy to be had for kidney complaint if it were not so? They have said this too after they have used kidney pills and kidney cures. This is nothing like Morrow's Kidney-cure. The ingredients are the best the market can afford. They are prepared in yellow tablets in the most scientific manner; they are easy to take and quick to act. Women in a critical stage in will find Kidney-cure very valuable in quieting the nerves and producing sleep. Kidney-cure are not nerve dullers either, no; indeed; they simply restore the system to its normal condition and this condition brings on natural results.

For children with weak kidneys and who are often scolded and whipped for things they cannot help, Kidney-cure are easy to take and quick to act. Kidney-cure will be found most valuable.

Kidney-cure are for sale by all first class druggists and at Alpha Cox's drug store for 50 cents a box, or mailed by the manufacturer on receipt of price, John Morrow & Co., chemists, Springfield, O.

Parsnip Complexion.

It does not require an expert to detect the sufferer from kidney trouble. The hollow cheeks, the sunken eyes, the dark, puffy circles under the eyes, the shallow parsnip-colored complexion indicates it.

A physician would ask if you had rheumatism, a dull pain or ache in the back or over the hips, stomach trouble, desire to urinate often, or a burning or scalding in passing it; if after passing there is an unsatisfied feeling as if it must be at once repeated, or if the urine has a brick dust deposit or strong odor.

When these symptoms are present, no time should be lost in removing the cause.

Delay may lead to gravel, catarrh of the bladder, inflammation causing stoppage, and sometimes requiring the drawing of the urine with instruments, or may run into Bright's Disease, the most dangerous stage of kidney trouble.

Dr. Kilmer's Swamp-Root, the great discovery of the eminent kidney and bladder specialist, is a positive remedy for such diseases. Its reputation is world-wide and it is so easy to get at any drug store that no one need suffer any length of time for want of it.

However, if you prefer to first test its wonderful merits, mention the Seymour REPUBLICAN and write to Dr. Kilmer & Co., Binghamton, N. Y. for a sample bottle and book telling all about it, both sent absolutely free by mail.

The Pony Express.

W. F. Bailey contributes to The Century an article on "The Pony Express," between St. Joseph, Mo., and San Francisco. Mr. Bailey says:

At first the schedule was fixed at 10 days, an average of 8 miles an hour from start to finish. This was cut down to 8 days, requiring an average speed of 10 miles. The quickest trip made was in carrying President Lincoln's inaugural address, which was done in 7 days and 17 hours, an average speed of any miles per hour, the fastest time of any rider being 120 miles, from Smith's Creek to Fort Churchill, by Pony Bob, in 8 hours and 10 minutes, or 14.7 miles per hour. Considering the distance and difficulties encountered, such as hostile Indians, road agents, floods and snowstorms, and accidents to horses and riders, the schedule was maintained to an astonishing degree. The service created the greatest enthusiasm not only among the employees, but also in the ranks of stage employees, freighters and residents along the route. To aid a "pony" in difficulty was a privilege, and was to be the man who would so much as throw a stone in the way.

The Neapolitan and His Horse.

The Italians are not remarkable for kindness to animals, but rather the reverse. They have, however, a story of a Neapolitan driver notorious for his ill treatment of his horse. After death the man presented himself at the gate of paradise, but was refused admittance. He was recommended, however, to apply at the neighboring paradise of animals, if haply he might find favor there. The driver did so, and, lo, the door was opened to him by the very same poor, starved, wornout old hack on which he had been wont to shower his blows and curses, now transformed into a celestial steed of wondrous beauty. But, alas, the horse had not yet learned forgiveness, and here, too, the driver met with rejection.—Westminster Review.

He Wasn't Afraid.

Little Tommy and his younger sister were going to bed without a light. They had just reached the bottom of the stairs, when Tommy, after vainly endeavoring to pierce the darkness, turned round and asked:

"Ma, is it polite for a gentleman to precede a lady when they have to walk in single file?"

"No, my son," replied the mother, "the lady should always take the lead."

"I thought so," said Tommy delightedly; "go ahead, Sue."—Pearson's Weekly.

"Yes."

"Improves with age, does he?"

"Well, he seems to get fresher every day."—Philadelphia Record.

CHESS CLOCKS.

There Are Specially Constructed Ones Used in the Game.

Hourglasses or sand glasses were formerly used for the purpose of measuring time at chess matches, but now specially constructed clocks are in general use for this purpose. These clocks consist of two clocks, mounted on a common base, which moves on a pivot, the two clocks therefore being on the arms of a sort of seesaw. The beam or base is so constructed that when one clock is elevated it stands perfectly perpendicular, while the depressed clock lies over at an angle, but as the mechanism of each clock is so constructed that it only moves when the clock is perfectly perpendicular it follows that when the upright clock is going the depressed clock is at rest.

Another and more modern variety has the two clocks fixed on the same level, but with a small brass arm reaching from the top of one to the top of the other. This arm acts on a pivot and can be brought down into actual contact with one clock at a time by a touch of the finger. When it is thus in contact, by an ingenious device the clock is stopped and the desired result is attained. The working of the clock during a match is simplicity itself. At the commencement of the match the hands of each clock point to 12. Then at the call of "time to commence play," the clock of the first player is started; then, as soon as he makes his first move, he stops his own clock, either by depressing it or by touching the arm referred to, the same motion starting his opponent's clock. So it goes on during the entire course of the game, each move being marked by the stopping of one clock and the starting of the other.—Leisure Hour.

The Official Vote.

The official returns of Tuesday's election in Jackson county will not be completed until this evening. The canvass of the vote began at 1 o'clock this afternoon and if there are no disagreements it need not take more than two or three hours to complete the work.

The election of the entire citizens' ticket is conceded by all. Parties here today from Brownstown admit the defeat of every ring candidate.

They say that Goss has the smallest majority and that he will be elected by not less than 300 majority. Whitcomb leads the ticket and will have a majority of probably 750.

The REPUBLICAN will publish the official vote as soon as it is announced.

LATER—It is reported that there are some differences among members of the canvassing board and a desperate effort is being made to count Dave Clark in.
